"TRY CLARKE"

W. B. CLARKE**Horticultural Broker****San Jose, California****JUNE 14, 1923 - LIST 2302****ROSES****BUDDED AND OWN ROOTS**

Which are better? That is for each buyer to decide for himself. I content myself with offering the most complete line of both in the United States.

FACILITIES. My connections are unexcelled. In budded roses I market the entire output of three important growers and a portion of that of several others. In own root roses I represent the largest grower in the Country.

NOVELTIES. This list embraces the most up-to-date offerings in the Country. Not only that, but beginning next year I will be able to supply budded stock of the chief European Novelties simultaneously with their introduction abroad.

QUALITY. Everything offered is field grown and California grown. Eastern Nurserymen who have visited California know that our Hybrid Teas and Pernetianas are absolutely unequalled. The vigor is such that budded stock is now full grown and will need no further irrigation. Here are two brief unsolicited testimonials:

Woodshole, Mass., Mar. 14, 1922.
W. B. Clarke: "I enclose herewith my check in payment of your two invoices for roses. The plants arrived in excellent condition and I am pleased with the stock. Thanking you for your careful attention to my orders, I am,
Yours truly, M. H. WALSH."

Thomasville, Georgia, May 4, 1923.
W. B. Clarke: "The roses we bought from you the past season have been entirely satisfactory and we would like to have a list of your rose offerings for fall and winter delivery as soon as possible so that we may place our order far enough in advance to be sure of getting it complete.
Yours very truly, THOMASVILLE NURSERIES."

TIME OF SHIPMENT. Budded roses are all grown in Northern California. Growth is completed by June. They are ripened slowly during summer and can be dug and

shipped beginning about November 1st. Own root roses are produced in Southern California. They grow all summer, are dug in December and shipped beginning about Jan. 1st. Both can be shipped throughout the winter as we have no freezing weather. They will not stay dormant much after Feb. 15th, and for good results shipments should be made by that date or else packed and put in cold storage for spring shipment.

QUANTITIES. All prices are "flat" regardless of quantity.

Budded. Novelties listed at \$1.00 or higher may be ordered singly if desired. Varieties at 75c or less, not less than 5 of a kind.

Own root. All varieties must be ordered in multiples of 10.

PACKING. On budded stock packing is charged for at cost of material. Own root roses are packed without extra charge.

TERMS. To buyers of known or established credit 60 days net from date of shipment. Otherwise cash with order or 25% with order, balance C. O. D.

SHIPMENT. State explicitly whether you wish freight or express. In either case all shipments are carried at buyer's risk. Delay or damage in transit is up to transportation companies.

WHICH KIND? Be sure to show clearly whether you want budded or own root stock. This is important.

BUDDED ROSES

Please read above preliminary matter carefully. Some of the novelties are specified "sold singly only." Of these the quantity is very limited and I wish to get a wide distribution for testing. Next season these will be in better supply.

Prices specified are for No. 1 grade. Second grade is not usually sold in advance but can be booked if desired at about one-third less on varieties listed at 75c or lower.

Budded roses are grown two years in the field (no "June buds") so of course are larger and heavier than own root stock.

ROOTS. The great majority are budded on Manetti. The other stocks used in limited quantities are Multiflora Japonica, La Grifferaie, Ragged Robin, and Odorata 44426.

Climbers are grouped by themselves as a matter of convenience.

BUSH VARIETIES

@ \$2.00

PETTY UPRICHARD—H. T. (A. Dickson 1922)

Outer face of petals carmine suffused coppery orange; inner face soft salmon pink with a faint suggestion of orange. Flowers of medium size with pointed buds on erect stems. Has a pronounced Verbena fragrance. A truly charming variety. Gold Medal N. R. S. Award of Merit R. H. S.

CAPT. KILBEE STUART—H. T. (A. Dickson 1922)

Rich velvety crimson shaded scarlet. Flowers very large. Well shaped and delightfully fragrant. A great addition to the red H. T.'s. Gold Medal N. R. S. (Sold singly only.)

CLARA CURTIS—H. T. (A. Dickson 1922)

Golden yellow. The originators of this variety worked for years to obtain "a rose combining the elegance, fragrance, color and charm of Marechal Niel but possessing hardiness, dwarf, vigorous growth and free flowering habit." This rose is the result. Gold Medal N. R. S. Award of Merit R. H. S. and many other awards. (Sold singly only.)

LADY INCHQUIN—H. T. (A. Dickson 1922)

Orange cerise. A thoroughly distinct and novel color, typical of the wonderful advance still being made in colorings of Hybrid Teas. Perfectly formed blooms on fairly stiff stems. Gold Medal N. R. S. Award of Merit R. H. S. (Sold singly only.)

SOUVENIR DE GEORGES PERNET—Pern. (Pernet-Ducher 1921)
Oriental red. Ends of petals cochineal-carmine. Entire flower faintly shaded yellow. Flowers very large, full and globular on long strong stem. Extremely hardy. Gold Medal, Bagatelle. (Sold singly only.)

SUNSTAR—H. T. (A. Dickson 1921)

Deep orange and yellow, edged, veined and splashed crimson and vermillion. Several of the new yellows have the red shades on the outside only, but with this rose every petal is so shaded and on both sides. The result is the most gorgeous coloring I have ever seen in a rose. No other variety ever attracted so much attention at the English Rose Show. It does beautifully here, growing vigorously and blooming freely. Gold Medal N. R. S.

@ \$1.50

SOUVENIR DE CLAUDIUS PERNET—Pern. (Pernet-Ducher 1920)
On the order of Constance or Golden Emblem but with large, elongated and beautifully formed buds. Flowers are very double. Color is clear, brilliant yellow. Grows vigorously and blooms continuously. Gold Medal, Bagatelle.

@ \$1.25

ARCHIE GRAY—H. T. (H. Dickson 1920)
Deep crimson flamed velvety scarlet. Flowers large, very full and finely formed with high center and reflexed petals.

BURGERMEESTER SANDBERG—H. T. (Van Rossem 1920)
Coral-rose. Flower very large, cupped, very double, fragrant and keeps well. Plant is vigorous and blooms continuously and profusely. First Class Certificate. D. S. H.

CAMBRAL—Pern. (Smith & Son 1921)
Delicate orange shrimp streaked with lemon. A sport of Mme. Ed. Herriot and about the same except in color.

CLARE DE ESCOFFET—H. T. (Easlea 1920)
Delicate flesh white. Flower very large, full, double, high center. Vigorous erect growth.

COMMANDANT L. BARTRE—H. T. (Schwartz 1920)
Dark carmine red tinted brilliant pink. Large and full. Very free flowering.

COMTESSE DE CASSAGNE—H. T. (Guillot 1919)
Rich coppery pink shaded clear rose. Color curiously variable, sometimes coming entirely yellow. Flowers very large, globular and very double. Strong fragrance. Vigorous grower and profuse bloomer.

CONSTANCE CASSON—Pern. (Cant 1920)
Rich carmine flushed and veined with apricot and coppery yellow. Coloring is very high and unusually striking. Sweetly scented. (Sold singly only.)

COUNTESS OF LONSDALE—H. T. (H. Dickson 1921)
Deep cadmium yellow. Flowers of medium size, fine form and sweetly scented.

DAINTY—H. T. (H. Dickson 1921)
Rosy apricot heavily tinted cherry pink. Large, full, sweetly scented flowers. Bud very long pointed and beautifully formed. (Sold singly only.)

E. P. H. KINGMA—Pern. (Verschuren 1920)
Deep apricot and orange yellow. Coloring particularly bright and attractive. Very fine.

EARL HAIG—H. T. (A. Dickson 1921)
Dark crimson. Flowers large and well formed. Sweetly perfumed. Growth sturdy and upright. Continuous bloomer.

ELEANOR HENNING—H. T. (Easlea 1920)
A lovely shade of salmon pink. Buds very handsome, long pointed. Flower large with large petals. Vigorous, free and continuous bloomer.

ELIZABETH CULLEN—H. T. (A. Dickson 1921)
Intense dark crimson. Buds long and pointed. Blooms medium sized and semi-double with beautiful spiral pointed center. Exceedingly free flowering and exquisitely perfumed. A superb bedding variety. Gold Medal N. R. S.

ETHEL JAMES—H. T. (McGredy 1921)
A delightful single rose somewhat after the style of Isobel, which has so rapidly gained great popularity. The color is softer and deeper—carmine with yellow center and like all of this type it has a very long pointed bud. Growth bushy. Very sweetly scented. Gold Medal N. R. S. (Sold singly only.)

ETHEL SOMERSET—H. T. (A. Dickson 1921)
Shrimp pink, edge of petals deep coral pink. Flowers are very large, full, beautifully pointed center, delightfully fragrant. Free blooming and good stems. Altogether a very fine rose.

ETOILE DE HOLLANDE—H. T. (Verschuren 1920)
Beautiful scarlet red. Very sweetly perfumed. Flowers large and semi-double. (Sold singly only.)

EVENING STAR—Pern. (Morse 1920)
Golden yellow shaded apricot. A sport of Mme. Ed. Herriot and about the same except in color. Some claim this variety is a climber but it seems so far to be simply a vigorous grower.

FLORINDA NORMAN THOMPSON—H. T. (A. Dickson 1920)
Delicate rose on pale lemon ground which deepens at base of petals. Reflex is edged flesh. Persian Tea perfume.

JEAN C. N. FORESTIER—Pern. (Pernet-Ducher 1920)
Unique color, difficult to describe. Red or carmine with a suggestion of orange seen over entire flower. Half double. Very fragrant. Profuse bloomer. Gold Medal, Bagatelle.

GEISHA—Pern. (Van Rossem 1920)
Bud coppery orange marked coral red opening to golden yellow. Another Herriot sport of vivid coloring.

GLORY OF STEINFURTH—H. T. (Schultheis 1921)
Cherry rose. An enormous loose flower with very large petals. Very sweetly scented.

HAWLMARK CRIMSON—H. T. (A. Dickson 1920)
A magnificent semi-double variety of free blooming habit. Flowers are red, deeply overlaid with crimson or maroon. Deliciously tea-scented. Color is good until petals fall, as it does not fade or turn blue.

HORTULANUS BUDDE—H. T. (Verschuren 1919)
Fiery carmine red showing yellow stamens when fully open. Much on the order of K. of K. but has larger flowers and may be an improvement on that fine variety.

HORTULANUS FIET—H. T. (Leenders 1919)
Apricot or golden yellow. Bud and flower large. Strong fragrance. Free bloomer.

INDEPENDENCE DAY—Pern. (Bees 1919)
Sunflower gold flamed and stained coppery old gold and orange. Well formed, fragrant and remarkably free blooming. Easily one of the outstanding varieties. Gold Medal N. R. S.

IRENE THOMPSON—H. T. (McGredy 1921)
Deep ruddy gold overlaid with bronze coppery shading. Free blooming, very fragrant. Gold Medal N. R. S.

J. G. GLASSFORD—H. T. (H. Dickson 1921)
Clear crimson lake. A free blooming rose with very large flowers.

JEAN ESCOFFIER (Jeanne Excoffier)

A beautiful variety with two-toned petals. Ruddy copper outside and soft buff inside. Bud large and long pointed. (Sold singly only.)

JOAN—H. T. (Pemberton 1919)

Coppery peach. Flowers small, semi-double and borne in clusters. Practically a "baby" rose and very pretty indeed.

JOHN DAVISON—H. T. (McGredy 1919)

Deep rich crimson shaded velvety crimson. Flower large, full, well formed and fragrant. Gold Medal I. R. S.

JULES TARBART—Pern. (Barbier 1920)

Silvery salmon pink with coppery coral pink center. Free blooming and hardy. Coloring is very fine.

JULIA BARTET—H. T. (Schwartz 1921)

Canary yellow tinted nankeen. Opening petals are quilled and tinted with carmine. (Sold singly only.)

LA FRANCE VICTORIENSE—H. T. (Gravereaux 1920)

Silvery carmine pink tinted yellow toward center. Fragrant. Flowers are really of enormous size but well formed and borne on amply strong stems. (Sold singly only.)

LADY ANDERSON—H. T. (Campbell-Hall 1920)

Another enormous rose. Deep coral pink shading to flesh and yellow. Profuse bloomer. Hardy.

LADY DIXON—H. T. (A. Dickson 1919)

Rich apricot flushed salmon pink. Strong fragrance. Profuse bloomer. Very hardy. (Sold singly only.)

LADY MAUREEN STEWART—H. T. (A. Dickson 1920)

Velvety scarlet lightly shaded orange maroon. Flowers cupped. Has a delightful musk rose fragrance.

MANIFESTO—H. T. (McGredy 1920)

Soft pearly flesh tinged salmon and apricot. Finely formed, long and pointed. Very fragrant. (Sold singly only.)

MARGARET M. WYLIE—H. T. (H. Dickson 1921)

Tender flesh flushed deep rose pink at edge. Flowers of immense size. Very fragrant.

MARJORIE BULKELEY—H. T. (H. Dickson 1921)

Buff ochre heavily flushed rose pink becoming silvery pink as flower ages. Flowers unusually large with not many petals. Fragrant. Gold Medal N. R. S. and R. H. S.

MARTHA DREW—H. T. (McGredy 1921)

Flesh tinted rose. A fine large petaled variety of vigorous habit. Has large fragrant blooms on long stiff stems. Gold Medal N. R. S. (Sold singly only.)

MLLE. CLAIRE ANDRUEJOL—H. T. (Schwartz 1920)

Pale pink tinted carmine. Flowers large, full and well formed. Very vigorous and profuse bloomer.

MME. HELEN DOUCHE—H. T. (Buatois 1921)

Soft rose with silvery reflexes bordered carmine. Flowers large and full.

MME. P. DOITHIER—H. T. (Chambard 1920)

Rich pink shaded shrimp pink. Bud elongated. Flowers very large.

MME. PAUL PARMENTIER—H. T. (Guillot 1919)

Salmon yellow shaded coppery flesh. Buds and flowers large on long strong stems. Very fragrant.

MME. PIZAY—H. T. (Chambard 1920)

Salmon blush. Flowers large and cupped. Abundant bloomer. (Sold singly only.)

MME. VICTOR RAULT—H. T. (Croibier 1920)

Salmon white with orange yellow center. Flowers cupped. Very large.

MISS C. E. VAN ROSSEM—H. T. (Verschuren 1919)

Velvety red. Very fragrant. Flowers very large and loose.

MISS CONNOR—Pern. (A. Dickson 1920)

Lemon yellow overlaid canary yellow. Handsome, fragrant, free blooming and best of all does not fade. Very fine. (Sold singly only.)

MISS M. J. SPENCER—H. T. (H. Dickson 1920)

Bright golden yellow of even shade throughout. Very fragrant. Abundant and continuous bloomer. (Sold singly only.)

MRS. CHAS. LAMPLOUGH—H. T. (McGredy 1920)

Soft lemon cream. Flowers enormous and of great substance. Sweetly scented and free flowering. Gold Medal N. R. S.

MRS. CURNOCK SAWDAY—H. T. (H. Dickson 1920)

Satin pink. Flowers large and very lasting. Long stems, slight fragrance. Free bloomer.

MRS. FRED COOK—Pern. (Easlea 1920)

Light terra cotta edged silvery white. (Sold singly only.)

MRS. H. D. GREENE—H. T. (Easlea 1918)

Reddish bronze opening to flame and coppery pink.

MRS. H. R. DARLINGTON—H. T. (McGredy 1920)

Creamy yellow. An enormous finely shaped fragrant flower. Gold Medal N. R. S. (Sold singly only.)

MRS. REDFORD—Pern. (McGredy 1919)

Bright apricot orange. Abundant bloomer, vigorous grower. Flowers full, perfectly formed and richly scented. Color is very fine. Sometimes classed as a H. T. Gold Medal N. R. S.

MRS. TOM PAUL—H. T. (H. Dickson 1920)

Saffron yellow suffused pink. Long pointed bud, large flowers. Free blooming. (Sold singly only.)

NEDERLAND—H. T. (Verschuren 1919)

Bright red. Finely formed flowers on excellent stems. Appears to have Russell blood and possesses the good qualities of that variety.

OLIVE WHITTAKER—H. T. (Easlea 1920)

Rich coppery rose to cerise and salmon.

PADRE—Pern. (Cant 1920)

Coppery scarlet flushed yellow at base. The handsome flowers are borne on splendid stems and the unusual color will command attention in any company.

PAUL LAFONT—H. T. (Guillot 1920)

Golden yellow passing to white. Globular buds and flowers. Very lasting. Blooms profusely and continuously.

PAX LABOR—Pern. (Chambard 1919)

Pale yellow edged carmine. Very large buds and flowers. Hardy and vigorous.

PEGGY ASTBURY—Pern. (Easlea 1920)

Soft amber to light yellow. Buds and flowers beautifully formed. Color quite unique.

CLIMBERS

All in this list are budded.

N. B. In the alphabetical arrangement the word "climbing" is not considered—that is, the arrangement is according to the word after "climbing."

@ \$2.00

CLIMBING MRS. AARON WARD—H. T. (A. Dickson 1922)
A climbing sport of this well-known and highly popular yellow variety. Vigorous and remarkably free blooming. Flowers identical with the bush variety in all respects.
CLIMBING CHATEAU DE CLOS VOUGEOT—H. T. (Morse 1920)
A vigorous climbing sport of this esteemed variety. Crimson scarlet. Same in all respects except growth, which is very strong.
CLIMBING LOUISE CATHERINE BRESLAU—Pern. (Imported 1920)
A true climbing sport of a variety that has won its way to the very top rank. Flowers are identical with the bush variety, coral overlaid with orange. It is easy to predict a great future for this novelty.

@ \$1.00

MERMAID—Hyb. Bracteata x Tea (Paul, 1918)
A single climbing rose with large sulphur yellow flowers having conspicuous deep amber stems. Foliage deep bronzy green and will probably be evergreen in this climate. Flowers have a tea fragrance. This rose is attracting great attention in Europe, as it is a new cross of great merit. Gold Medal N. R. S.
PROSPERITY—Hyb. Musk (Pemberton 1920)
White tinted pink in bud. Rosette flowers borne in very large clusters. Blooms perpetually continuing until very late fall. Hardy.
STAR OF PERSIA—Lutea x Austrian (Pemberton 1920)
Bright golden yellow. Flowers semi-double, about three inches across. Petals of remarkable substance and firmness. The color is remarkably vivid and intense and unlike so many of the so-called yellow climbers it absolutely does not fade but holds until the flowers fall apart. Foliage evergreen in this climate. Hardy and extremely vigorous. As welcome an addition to the yellow climbers as Paul's Scarlet Climber was to the reds.

@ 75c

CLIMBING YELLOW CECILE BRUNNER—Cli. Poly. (Howard and Smith)
About the same as that great favorite Climbing Cecile Brunner but with flowers of a pleasing yellow shade. Extremely vigorous.
YVONNE—Wich. Hyb. (Cant 1921)
A charming soft shade of pink with deeper pink center and yellow base. Fragrant. Blooms freely through the summer. Gold Medal N. R. S. and Cory Cup for best climber of its year.

@ 50c

CLIMBING GEN. MacARTHUR (H. T.) Fiery red. Flowers identical with bush variety.

CLIMBING H. V. MACHIN (H. T.) Scarlet crimson. Flowers identical with bush form and borne in great profusion.

@ 40c
